Keely has resigned from treasurer because of move out of state.

Previously we have had to have current treasurer go into bank and sign over position. Since she is out of state we are thinking of moving banks from Mt Federal to Nusenda. Maribeth will look in to this.

Susan is still encouraging youth and sending out letters for school equitation program

Amy suggested having written rules of etiquette for clinics. If someone signs up for slot they need to find their own replacement and they do not get their money back. She will write something up and get in on our website page.

Cindy informed us that all the riding slots for the pilates clinic are filled, but we need more participants in the mat and auditors to help with costs. An email blast will be sent out to encourage this.

Cindy has sent out the Bio's for the 3 positions being voted on this next cycle. In October she will send out the ballots to members for voting

Sarah informed us that we have 77 members and 2 new youth members

Next year the tests will change and we will revisit changes.

Treasurers report: General fund: \$20,906.86
Education: \$4,162.82

This past show lost money of about \$488

We need to revisit how many Western Dressage Shows are needed. This past show had 3 members-4 riders participating

In future Maribeth can not set up for shows outside of Cherry Tree. We need to find a Schooling Show Chair.

New Business:

Thinking a webinar for future this winter of Zoom Clinic going through the USDF.org website.

Virtual Shows were discussed. Gail Mathews a judge from past show does this and we can make a little money with no effort if we use her.
Maribeth will look into this.

Schedules will be included in everyone's packet at shows from now on.
